* Comment. The tank unit which returned to the post from fall maneuvers is believed to have been an element of the 7th Gds Tank Div. units of this division returning to Dessau-Rossau on 15 October 1950. The statement that the barracks were again occupied to capacity on 19 October 1950 indicates that elements of the 7th Gds Tank Div and engineer units of the GDFG had returned to their post upon completion of the fall maneuvers. The return of engineer units had been reported on 13 October 1950.

** Comment. The information indicates that most of the units stationed in Frankfurt/Oder had returned to their post by 20 October 1950. the unidentified AAA Div, possibly the 32d, of the GDFG was again reported from Frankfurt/Oder, it is considered possible that, despite previous doubts, elements of this division may actually be stationed in Frankfurt/Oder.
